Hi Paul,

I have a question about Ben Edelman and the appointments process. When Nitin asked me if he could join the LCA teaching group, he said that, among other things, it was kind of a test of how well Ben could work with a larger group outside. And, so far, he has been an excellent citizen, in terms of contributing to teaching group meetings and also helping us organize the LCA online archive. So my question is whether that's all I need to be keeping an eye on or whether I should observe one of his classes or even get some others to observe as well.

When you get a chance, let me know what you think.
